

Open Source Alliance

University of Barcelona, October 2018

João Bacelar

IT in HE =

- myriad systems
- requirements
- and use cases

± 2000

in-house IT systems
across Europe

extreme fragmentation

of tools for supporting
student mobility

How many IT systems are fit for purpose
(e.g. meet students' and IROs needs?)

Are secure and GDPR compliant?

And upgrade-worthy?

Smart(er)
strategies
are a must!

Going Open Source!

Open source code repository

support developers → lower costs → better quality and security

However a empty repository...
...is a useless repository

Join the revolution!

Rewrite the rules.

The Open Source University Alliance

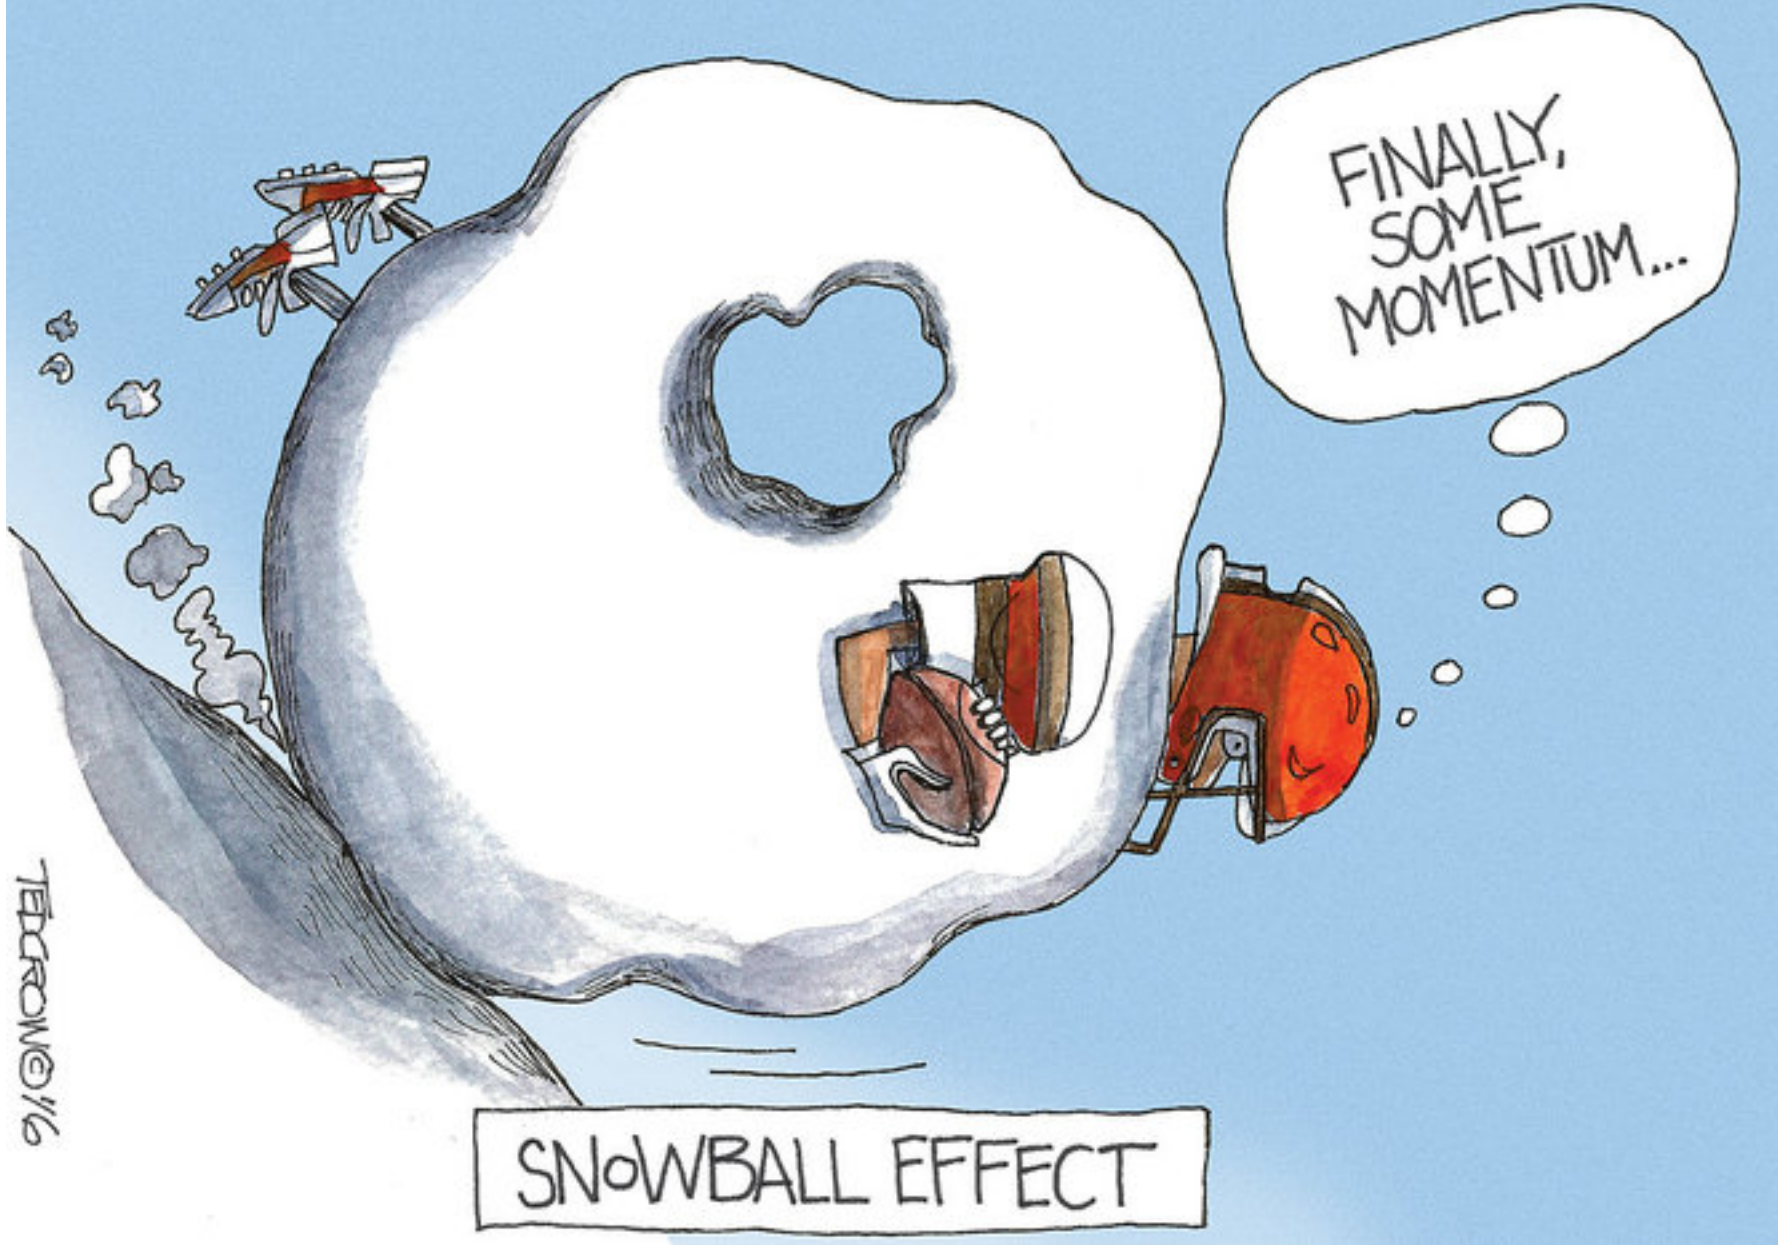

Towards a state-of-the-art EHEA

Open Source University Alliance

Network of Universities
from the Capitals of Europe

FINALLY,
SOME
MOMENTUM...

SNOWBALL EFFECT

TEDROWN © '16

We are looking for universities keen to:

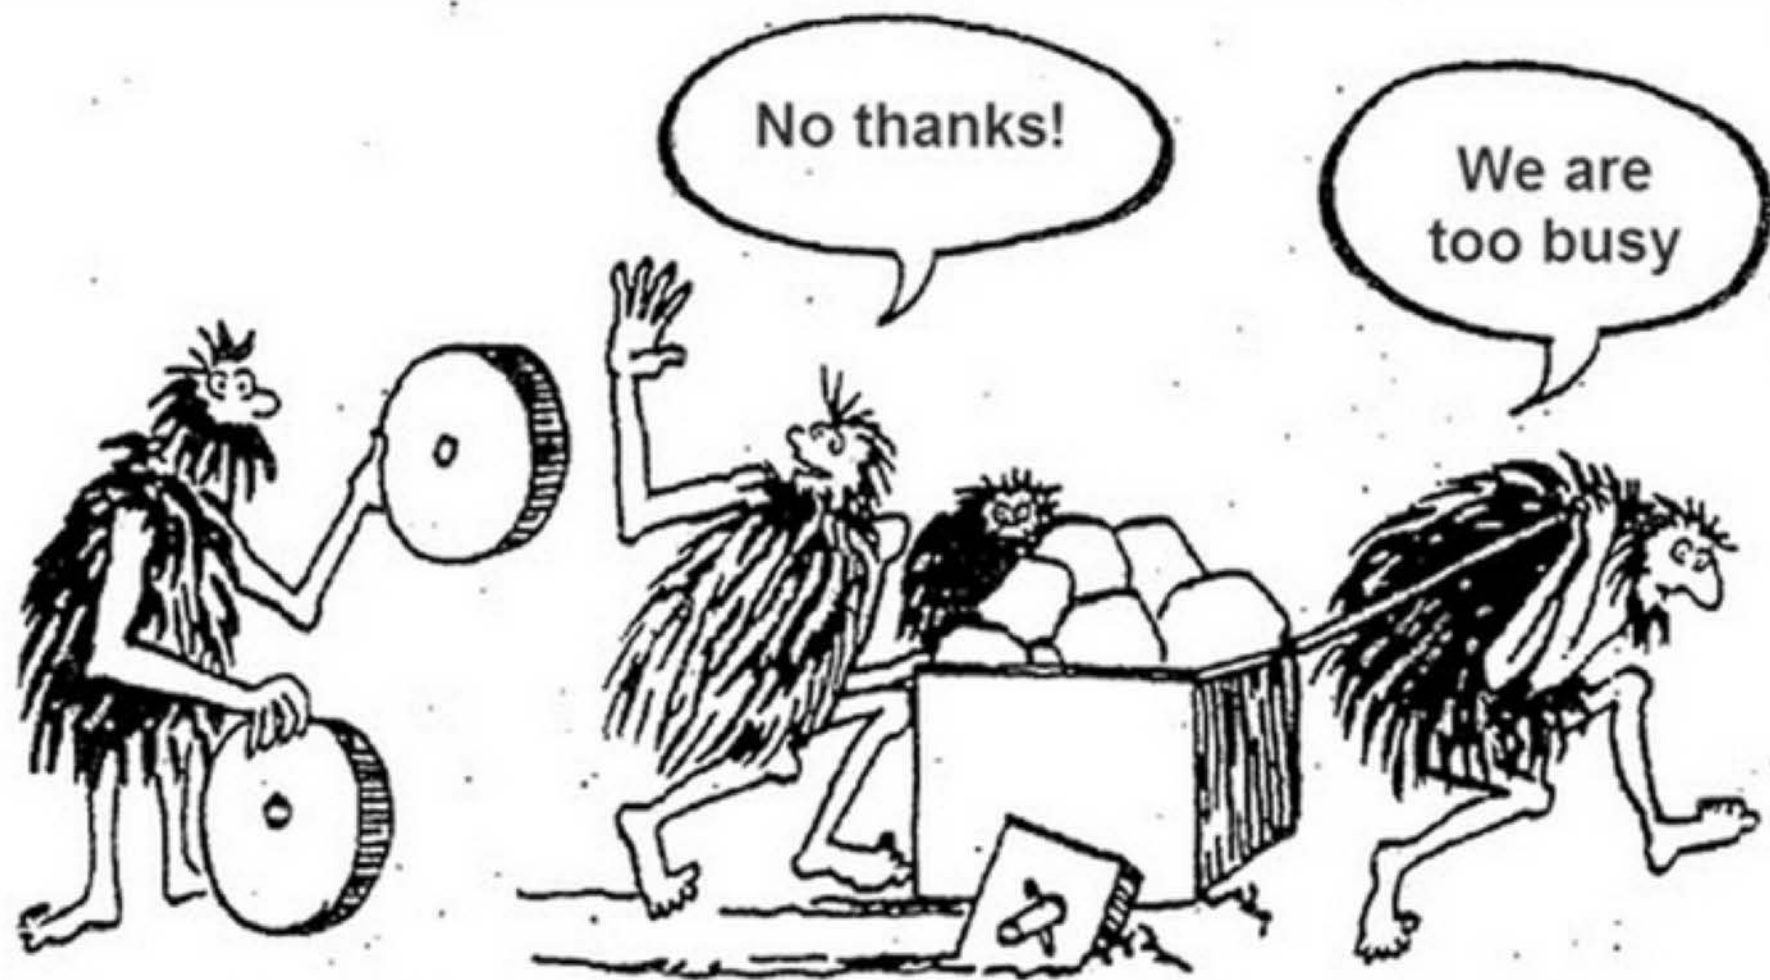

- Share and co-create IT tools
- Build a community of IT experts
- And shape the digital future of Erasmus

Some of the code donors

Aristotle University of Thessaloniki – University of Siena – University of Pavia - University of Eastern Finland - UC Louvain - University of Alcalá - University of Bologna – University of Latvia - Vilnius University - University of Porto - University of Granada – Vrije Universiteit Amsterdam - Jagiellonian University - University of Florence - University of Geneva
