

RMIT relationships with Catalan universities

Marta Fernández
Executive Director RMIT Europe

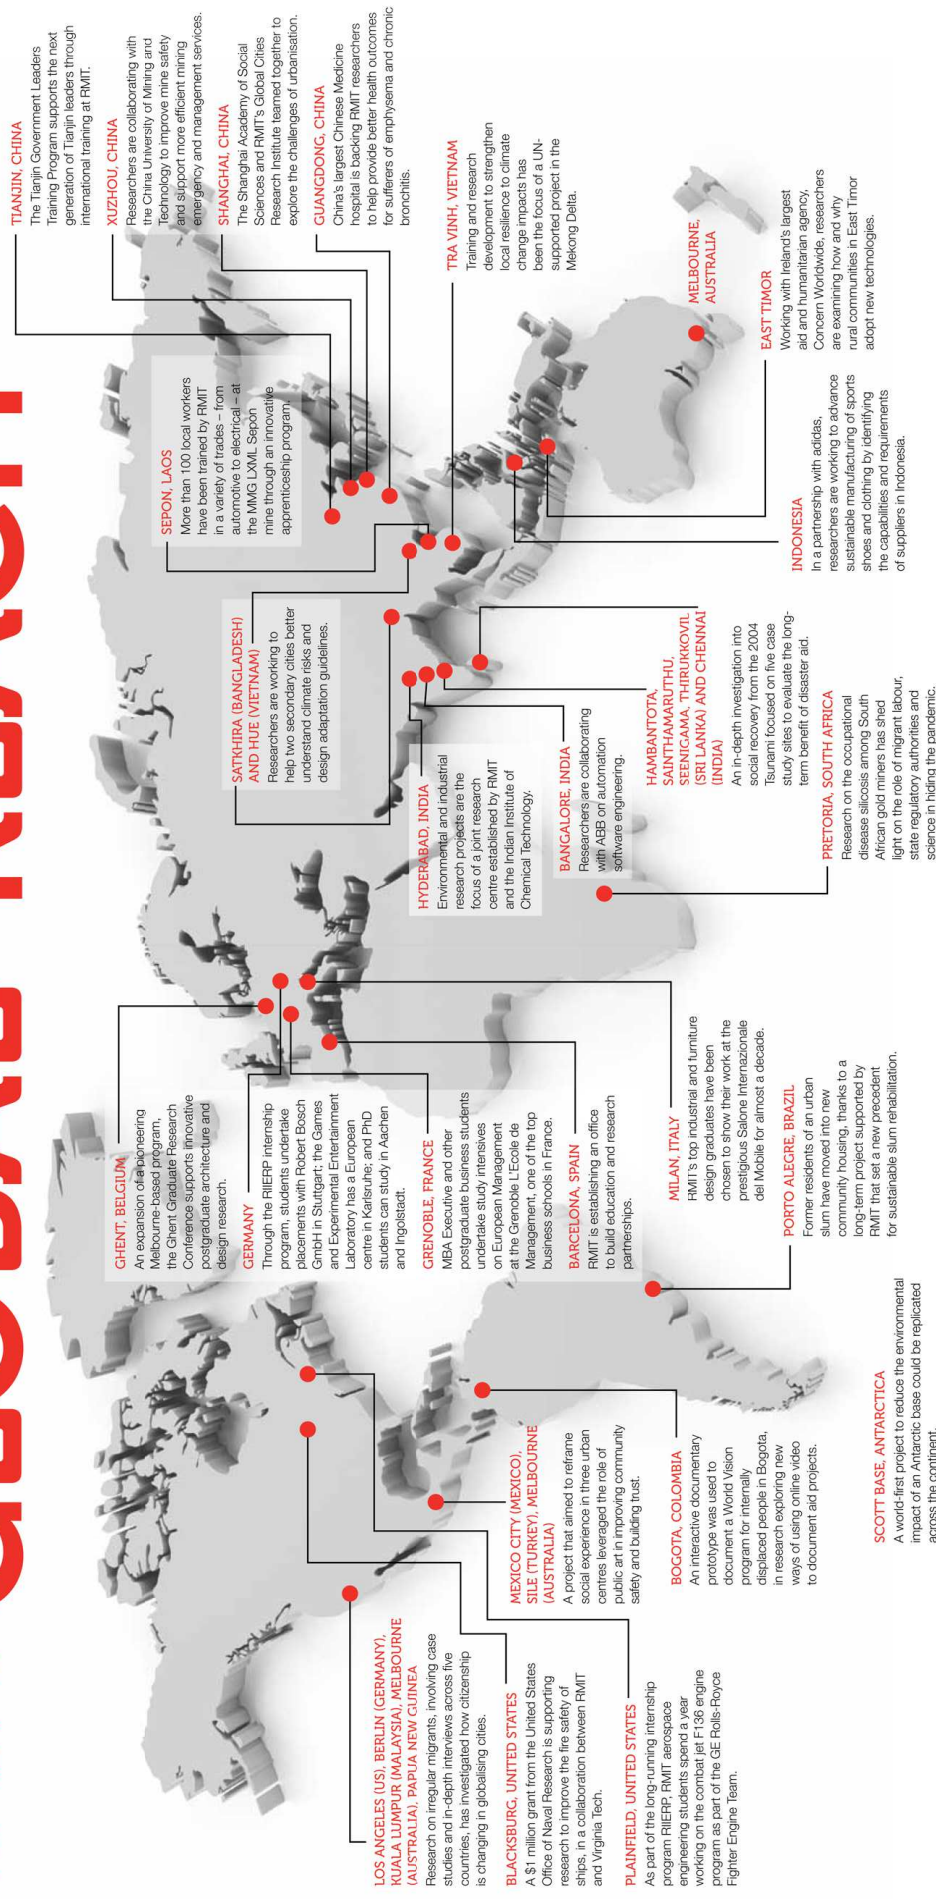

Outline

1. RMIT
2. RMIT Europe
3. Examples of collaborations
4. What next?

RMIT University

- Over 75,000 students
- Over 11,000 staff
- 15% international students onshore
- 23% international students offshore

RMIT'S GLOBAL REACH

RMIT University academic research quality

Applied Mathematics

Condensed Matter Physics

Environmental Science and Management

Electrical and Electronic Engineering

Materials Engineering

Mechanical Engineering

Clinical Sciences

Architecture

Communication and Media Studies

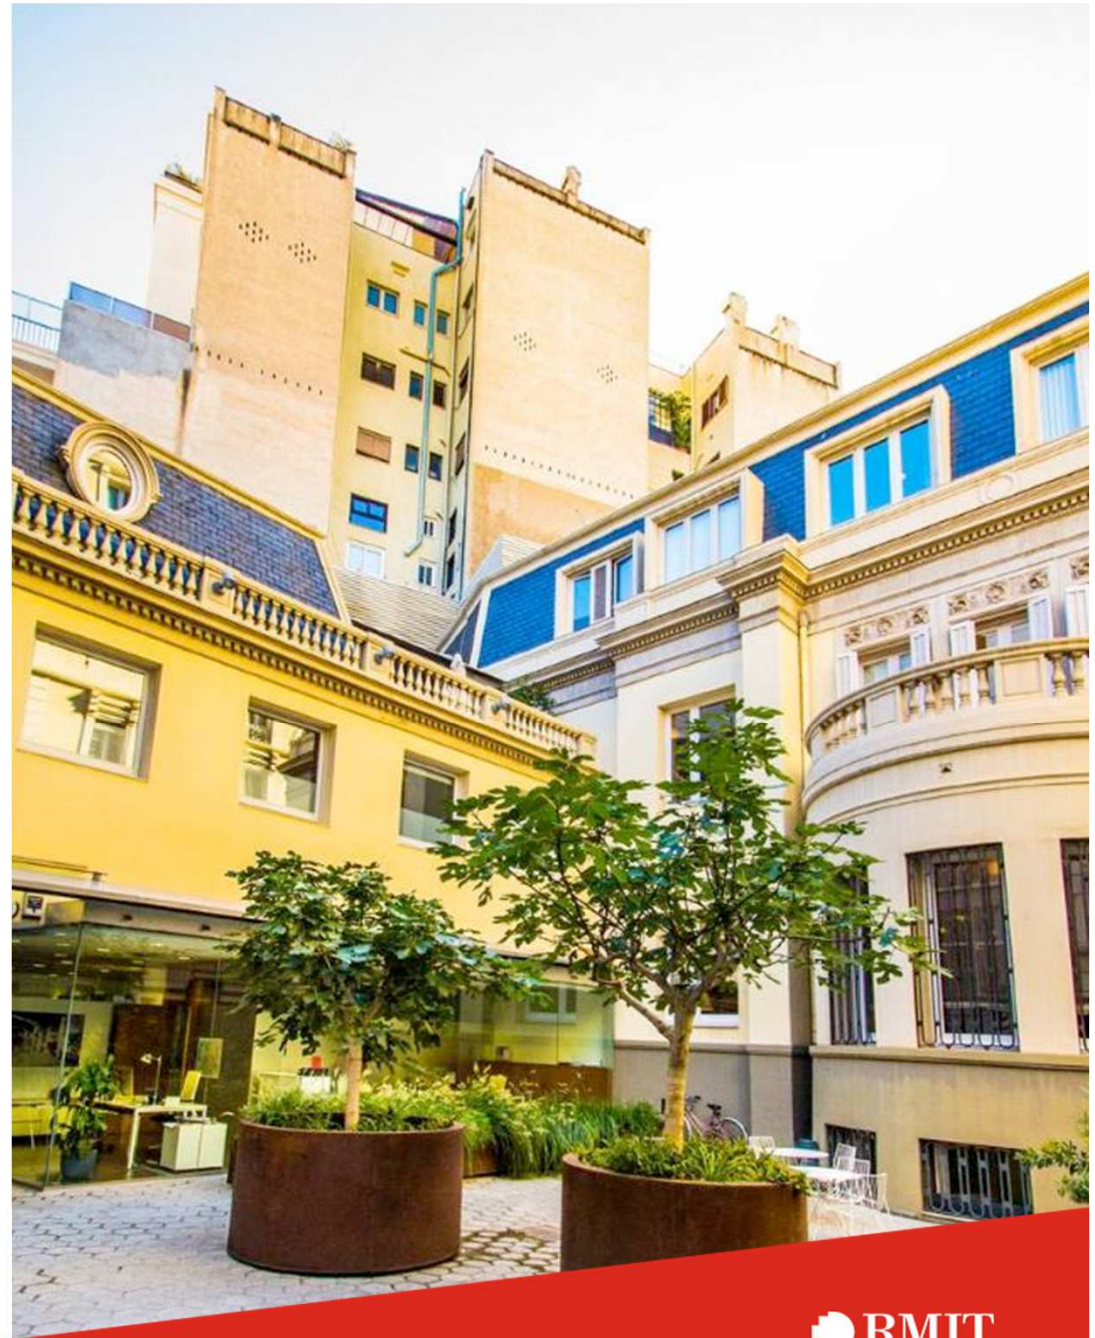

Design Practice and Management

Urban and Regional Planning

Digital Ethnography

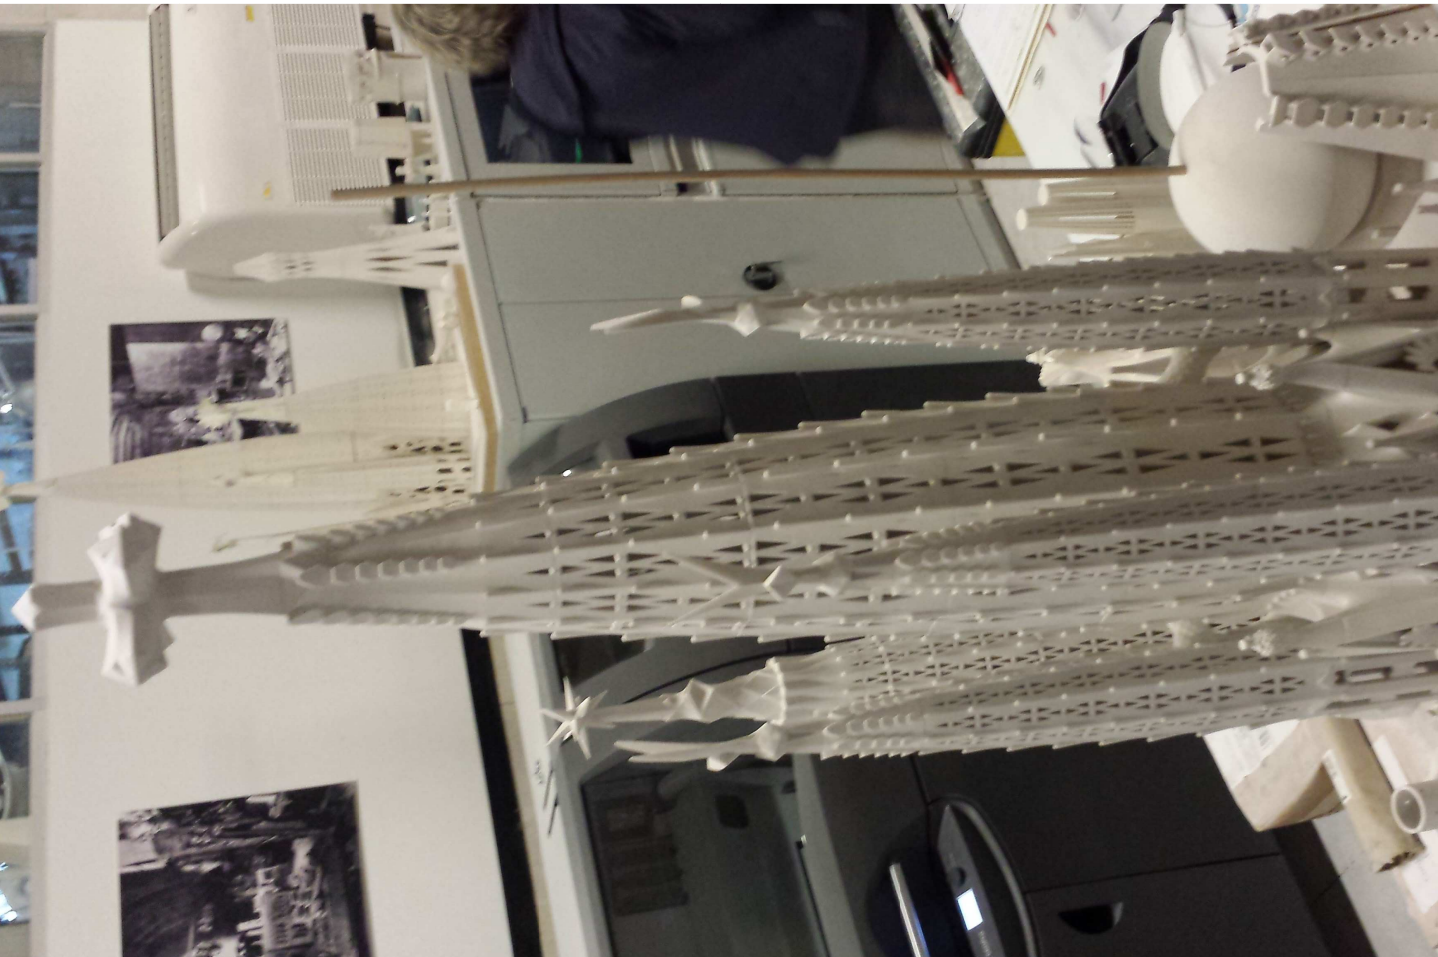

RMIT Europe

Coordinating center for
extending RMIT
University's global reach
across research, industry
and student mobility

Why Barcelona?

Why work with RMIT Europe?

- Improve student experience
- International perspective to research
- Differentiation in public funding opportunities
- World class research in selected areas
- Reach into Asia

Focus of RMIT Europe

Increase Research
Collaboration &
Performance

Internationalisation
of post graduate
programs and
student experience

Global
Positioning
and
Reputation

Focus RMIT Europe to date

First European Solar Pond in Granada with UPC and Solvay

A low-angle, upward-looking photograph of the interior of the Sagrada Família in Barcelona. The image captures the dense, organic structure of Antoni Gaudí's design, featuring thick, tapering columns that branch out like trees to support a complex, star-shaped vaulted ceiling. Numerous small, circular stained-glass windows are embedded in the structure, casting a warm, golden light. The perspective creates a strong sense of verticality and depth, drawing the eye towards the center of the frame.

A new scholarly understanding of the
Basilica Sagrada Família with UPC

Cooperation
agreement in the
field of
Nanoscience and
nanotechnology
(ICN2)

Focus RMIT Europe to date

Internationalisation
of post graduate
programs and
student experience

Master of Disaster Design and Development (MoDDD) with UIC

INCLUSIVE CITY

With
ETSAB

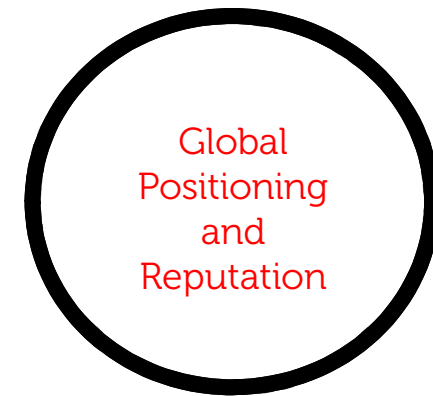

THE BARCELONA STUDIO

RMIT MASTER OF URBAN DESIGN / MASTER OF ARCHITECTURE

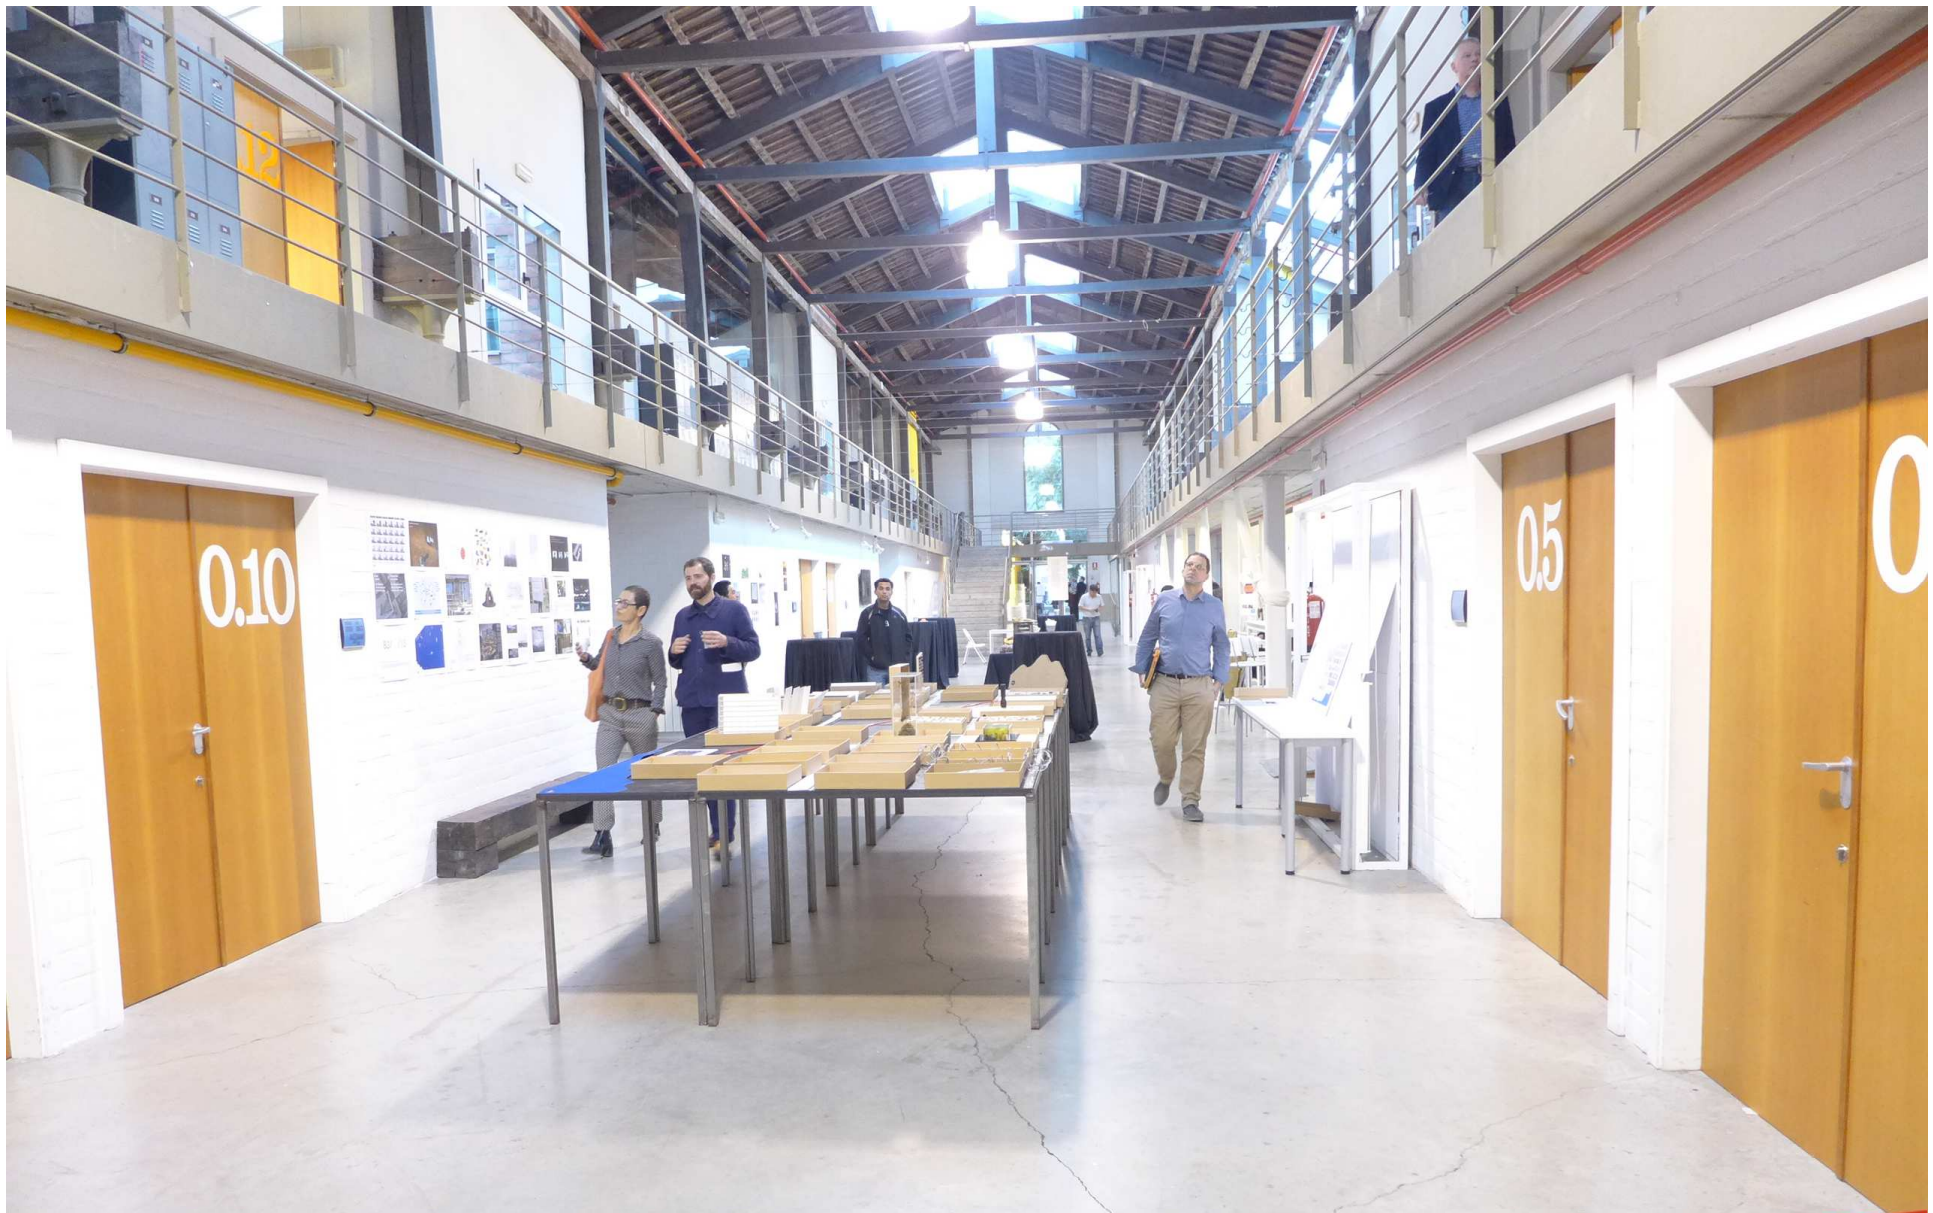

Master of Design
Innovation and
Technology with
ELISAVA (UPF)

Focus RMIT Europe to date

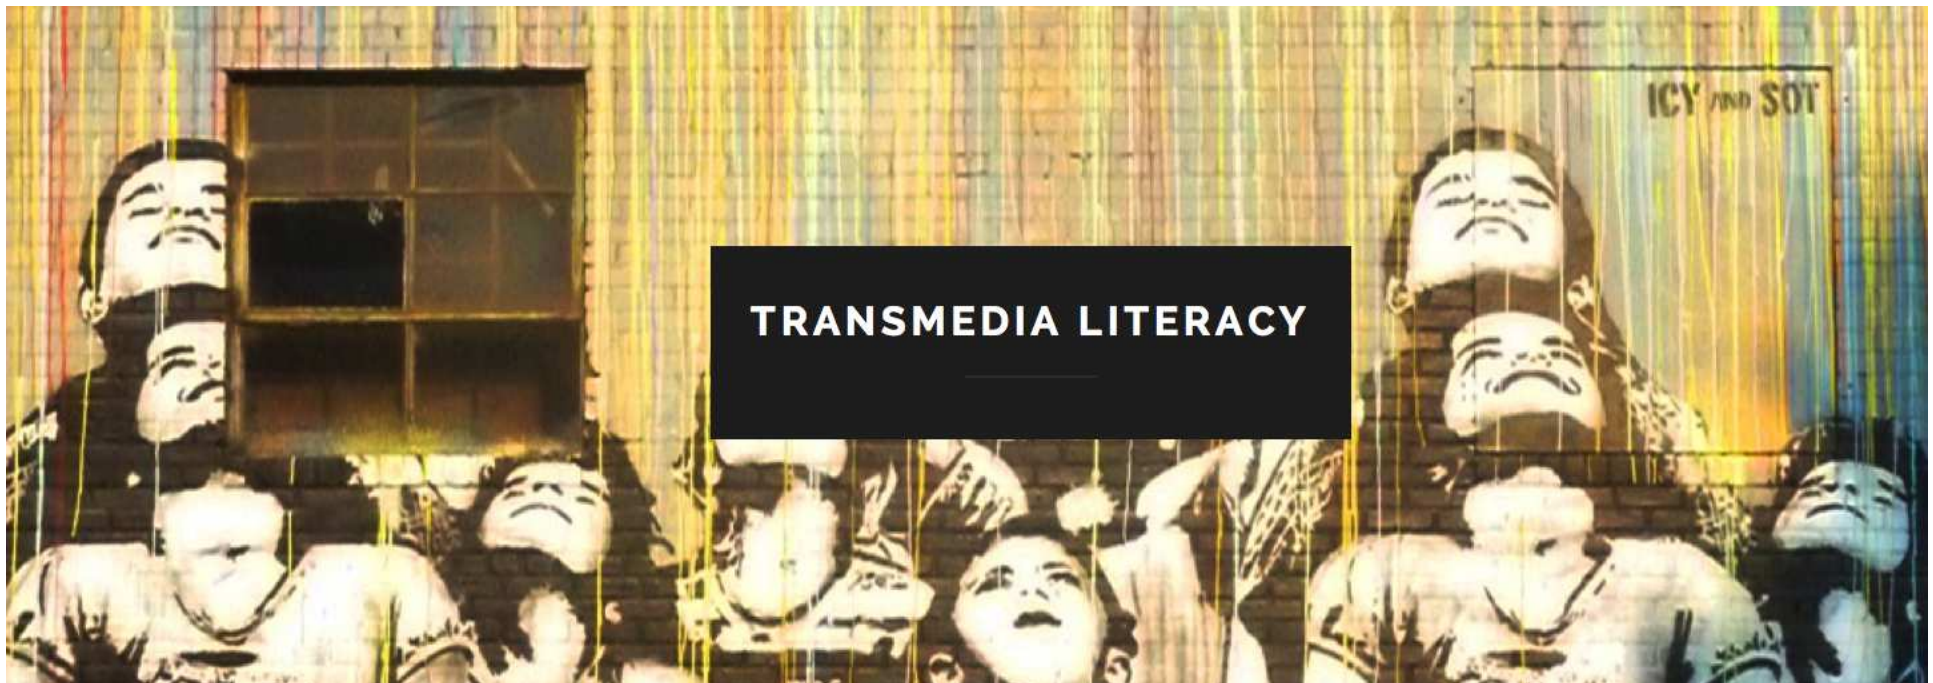

Sonar+D

Practice Research Symposium at BAU

H2020 project collaborations

RMIT Europe – Future of local relationships

1. Strengthen and deepen current relationships – dual PhDs
2. Enhance student experience – mobility opportunities
3. Increase internships with local businesses
4. Increase participation in European funded projects

I look forward to collaborating with you!
