International Seminar

on

Innovative Approaches to Doctoral Education and Research Training in Sub-Saharan Africa

Hosted by

Ethiopian Institute of Architecture, Building Construction and City Development (EiABC)

Addis Ababa University, Addis Ababa, Ethiopia

July 12 and 13, 2012

Purpose

The seminar brings together the pilot institutions of both projects led by the Association of Catalan Public Universities (ACUP) and the International Association of Universities (IAU) as well as other experts from Africa and beyond in order to reflect on the **state of doctoral education and research training in Sub-Saharan Africa**, and to develop **new networking and collaboration** opportunities for future developments.

The seminar intends to:

- reflect, debate, and analyze current developments and challenges in doctoral education in Africa;
- review innovative approaches, new models and instruments;
- discuss and further develop an interactive, web-based portal on doctoral education in Africa (ACUP/IAU initiative).

The seminar will be structured in three main parts

- I. State of doctoral education in Sub-Saharan Africa
- II. Innovative approaches
- III. Networking and cooperation

Hosts

Association of Catalan Public Universities (ACUP), International Association of Universities (IAU), Ethiopian Institute of Architecture, Building Construction and City Development (EiABC)

Venue

Ethiopian Institute of Architecture, Building Construction and City Development (EiABC), Addis Ababa University, Ethiopia

Language

The seminar will be conducted both in English and French.
